My dear Mr Mauley -

I am writing this letter to you

You in touch with a young man who according to my information might make a good short stop or 2<sup>nd</sup> Baseman for your splendid team.

My son Lemuel Graves Jr. sports editor of the Norfolk Journal and guide, who is now in Italy, has spoken to me many times about you and the sports editor of the "Voice" has directed me to advise you about this boy.

He is 23 years old. seems to know, not too much, about the game and has had experience with the Atlanta Braves and with another team in Atlanta. He has played on and captained a team that played the Southern Military Camps last summer. He is reputed to be a fast hitter and a better than average fielder. If you wish to give him a tryout

Please advise me and I'll see that Le gets in touch  
with you at once.

Yours for baseball.  
Tommy Davis Jr.
